בס"ד

1st Shevat (the day Moshe began to teach the Torah in all languages) 5771.
Jerusalem

Rabbi Shmuel Ben-Shalom (Divekar) שליט"א has studied Talmud and Halacha in our Kollel for over ten years. He has now produced a comprehensive compendium of practical halacha adapted from the classic work of Rabbi Itzhak Yosef שליט"א - "Yalkut Yosef" and translated into the Marathi language, with special attention given to the customs of the Bene Israel community.

At the conclusion of our morning prayers we say : In the academy of Eliyahu Hannavi it was taught : whoever studies Halachoth on a daily basis can rest assured that he will be a resident of the World to Come.

Practical Torah law is the mainstay of our religion and has enabled the Jewish people to endure, despite the shifts and changes of a turbulent exile.

If is therefore our heartfelt wish and prayer that this work will be widely accepted by the Bene Israel community and enhance the fulfillment of the will of G-d as expressed in His holy Torah and practiced by Jews throughout the ages.

With warmest blessing, that he should continue to see much success in his untiring efforts to bring the word of G-d to his brethren.

With Birchath HaTorah,

Rabbi Shlomo Ashkenasy
Rosh Kollel

Rabbi Abraham Hayyim Carmell
Menahel
